DETAILED ACTION

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 3-5, 14, 15 and 17 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 3 and 14 recite "said polypropylene is an organic peroxide (sic) prepared by extruder", which phrase is meaningless in the English language.

Claims 4 and 15 recite for SEBS copolymer, "styrene-ethylene-butylene (sic)-styrene", which is not consistent terminology.

Regarding claims 5 and 17, the term "type" renders the claims indefinite because the claims include elements not actually disclosed (those encompassed by "type"), thereby rendering the scope of the claims unascertainable. See MPEP § 2173.05(d).

Claims 1, 2, 6-13, 16 and 18-20 are deemed to contain allowable subject matter.

The references to Lee et al and Jeong et al, newly cited of interest, teach the manufacture of similar resin blends as herein claimed. Neither reference teaches or fairly suggests the employment of a polymer of tetrafluoroethylene, as recited and claimed. Note the Abstracts of either reference. As such, neither document is deemed to present a bar to the patentability of the instant claims.
